Agenda for 118th Meeting of Expert Committee (EC) for Appraisal of Applications for Import/ Export of Hazardous and Other Wastes

Date: 17th November, 2022

Time: 2:00 PM onwards

Venue: Through Video Conferencing (VC)

AGENDA NO. 1. IMPORT OF LEAD SCRAP (B1020/A1160)

1.1 Inclusion of ISRI Code: RINK in previous permission granted to M/s Jain Resource Recycling Pvt Ltd, M/s Ardee Industries Pvt Ltd., M/s Pilot Industries Pvt Ltd and M/s Gravita India Ltd (for their Chittoor and Jaipur Plant)

These applicants have requested to add ISRI Code: RINK in their previous permission letter as the availability of “Rains” is very low due to export restrictions of many countries. Most of the countries prefer to export Whole Intact Lead Acid Batteries under ISRI code “Rink”.

The matter was discussed in 117th Meeting of EC held on 19th October, 2022 and the EC recommended that **applicants may be asked to submit more details which includes the reason why foreign countries are not supplying RAINS and also how the acid in RINK will be processed and utilized. Committee was also of the opinion that CPCB may be asked to clarify whether units having automatic battery breaking equipment can also handle/processed RINK i.e. waste battery having acid more than 10%. If the proposal is agreed upon by the EC and accepted by the Ministry, CPCB may comment on the existing SOP in this regard.**
